## Rübner SLATE - each table is unique...

Unique, one of a kind, high-quality tables made from old slate roofs in a distinct Rübner design. Recycling, sustainability and the love and fascination of special materials with an interesting story compelled designer Bente Rübner to make these gorgeous tables. Elegant and silky smooth yet raw and with an edge.

Rübner SLATE is a unique range of coffee and dining tables designed with a tabletop of old slate roof tiles cut into squares and a frame of powder coated or glass grind steel. Each table is unique and numbered, and the story of the slate used on each table is included in a certificate of origin. The tables are known for the colourful impression of the old roofing material used, and the unusual fine finish of the steel frame. Rübner SLATE tables are made to measure in all sizes.

Rübner SLATE

	<i>Height:</i>	Standard: 72 cm
<b>Care instructions:</b>	<i>Slate tiles:</i>	12 x 12 cm
	<i>Frame:</i>	50 x 50 mm angle steel
	<p>The slate is easily cared for with a damp cloth and soap. Never expose the table to:</p> <ul style="list-style-type: none"> <li>• Scratching with sharp objects</li> <li>• Fat &amp; oil stains (blot stain immediately)</li> <li>• Acid</li> </ul> <p>Scratches to the tile can be removed by using fine sand paper, and then wipe it off with a damp cloth. Oil stains can be removed by applying slate oil to the entire table top, giving the table a darker more uniform look.</p>
